Then . . . 1912

Now . . . 2012

CELEBRATING 100 YEARS 1912-2012

Happy Birthday to Us! Ossian State Bank has been serving Wells County and the surrounding community for 100 years! It all began when we opened for business on November 2, 1912 in Ossian, Indiana. Over the course of a century, we continued to grow and expanded with a new building in 1977. As time went by, we experienced more renovations, increased services, advanced technology, and we even added a second location in Bluffton, IN. Even through all of these changes, some things remained constant ~ our commitment to service, a dedication to the community, and a genuine appreciation of our customers. We are proud of our history and grateful for the support from our customers and community. Our goal is to continue forward with a renewed commitment, dedication and appreciation that have enabled us to flourish. We may not be the biggest bank in the area, but we strive to be the best. Thank you for making Ossian State Bank 100 years strong!

100 years later and
you're still the star.

COMING JANUARY 2012

A star-studded double feature.

“It feels right doing business with our *hometown* bank.”

Tom Neuenschwander joined our star-studded cast back in 1964, when he opened an account to save money from his paper route. When Tom and wife Laura founded Insurance & Business Specialists in 1980, they brought their business banking to us, too. They like the convenience, reliability, and responsiveness found at their hometown bank.

Personal and business banking with people you know and trust. Be on our casting list.
